**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are strongly support competition in the broadband marketplace. We have only a few choices as far as internet providers go in a market like San Francisco. I can only imagine what it would be like if AT&T were to take away key elements that make a company competitive in this market place. Please don't let AT&T do this. It would be detrimental for all consumers nationwide and would derail a competitive marketplace.

Broadband is critical for my home office and hope to continue with my current broadband provider and hope that I have more options in the future and not less.

Please deny AT&T petition.

Thank you,

Nicholas Osorio
